There is a possibility that another big offensive by the entente allies in Belgium and France is in contemplation. A two days conference has been held in London between Premier Lloyd George and his war council and the British and French commanders-inchief. While nothing has been made public concerning the conference from public concerning the conference from the c chief. SERIOUS APPEAL MADE TO THE SWEDISH NATION

By King Gustave at the Opening of the Riksdag.

London, Jan. 16, 7.14 p. m.—At the opening of the riksdag today, says Reuter's Stockholm correspondent, ling Gustave's speech from the throne constituted a serious appeal to the Swedish nation in the grave circumstances of the third year of the continuance of the world-war.

"To the present," said King Gustave, "we have been able, by the grace of God, to avoid being drawn into the war. But the effects of the war, none the less, have inflicted on us many sufferings and the longer it lasts the greater will become our difficulty. We cannot shut our eyes to the profound

gravity of the present hour."

King Gustave made an appeal for national unity and the sinking of all

sek of safeguarding the country's liberty, sovereignty and neutrality. The king announced the need of maintaining the special preparations by the land and sea forces, which hitherto had been judged indispensable, and alluded to the extraordinary measures that had been necessitated by the increasing extent of war operations carcreasing extent of war operations car

Washington, Jan. 16.—Concern felt by high officers of the army about the possible fate of the American colonists in Chihuahua and of natives who have established friendly relations with General Pershing's troops after the force is withdrawn, has caused a suggestion to be sent to the White House that the United States see to it that the Carranza government shows evidence of its intention to give adequate protection.
